Hi Jason

The only input I have at this time is in Part B ii when defining Small and Medium sized members.

I have less than 10 APs - namely myself, but assets over \$100,000,000 (or did when the markets were a little higher)

The current definitions would exclude me from both the Small and Medium categories.

This can be corrected by changing the "and" to "or" or at least to "and/or" - then I (and others like me) would qualify in either section, not be eliminated from both.

Regards,
Sonny
