

Three year review

We suggest the report consider a formal provision for a 3 year review of the process to see if it did achieved its goal of transparency and effective representation for all MFDA members.

We are encouraged by the MFDA's progress on governance issues, increased transparency and communication with its members and other stakeholders.

We appreciate the opportunity to comment on some the governance issues. If you have any questions or need to discuss further, please contact me directly by phone at 905.709.7911/2253 or by email at daxs@keybase.com.
